**Subject:** Edits Comments Needed: Re: FW: Draft Denka Communications Plan

Good Morning – I wanted to provide you this Comms Plan that OECA put together. They've asked for our comments and to take a look at it. I've made David Gray aware that I'd be asking your teams for input. I'm not sure what the deadline is/HQ made it seem like a moving target. But I would assume that it would be by next week before the community meeting on Feb 11<sup>th</sup>. Please let me know if you have any questions. Thanks!

**Subject:** Draft Denka Communications Plan

Austin,

Per our phone conversation today, I'm sending you the latest draft of the communications plan for the new air monitoring program at the Denka facility. You will see that OECA staff have added comments in a number of places where they have questions or are asking for Region 6 input. I hope the comments will be helpful, but I don't expect that they address everything that is needed to make this into a working document. I think this needs a thorough review by Region 6. We welcome your edits and input. Thanks, George
